ABOUT ME

Motivated Full Stack Software Engineer with practical experience building scalable web applications, RESTful API integrations, and data-driven platform features. Proficient in JavaScript, TypeScript, React/Next.js, Node.js, Spring Boot, PostgreSQL, Tailwind CSS, and AWS Cloud technologies, with experience working on AI-powered tools and scalable SaaS platforms. A self-motivated and collaborative problem-solver with a proven ability to contribute to fast-paced agile engineering teams and deliver production-level software that improves user engagement and drives business growth.

WORK EXPERIENCE

Software Engineer Intern 12/2025 – 6/2026
Sezenta (Pvt) Ltd

- Developed and deployed full-stack web application features using React/Next.js and Node.js, and used SST framework to deploy the application directly to AWS contributing to production-level systems.
- Planned and built RESTful API integrations enabling seamless data exchange across internal and external systems, reducing manual processing overhead by 30% and improving platform reliability.
- Introduced automated testing strategies and optimised application performance across continuous delivery pipelines, cutting defect rates by 25% and accelerating feature delivery cycles by two weeks per sprint.

EDUCATION

Bachelor of Science in Computer Science (BSc. in CS) 06/2023 – 06/2026
University of Colombo School of Computing

SKILLS

Programming Languages C, C++, C#, JavaScript, Python, TypeScript, Java	Frontend Technologies HTML, CSS, React.js, Tailwind CSS	Backend Technologies Springboot, Express.js, Node.js, PHP
Database System MySQL, PostgreSQL, MongoDB, Supabase, Firebase	Cloud Platforms AWS S3, RDS, EC2, DynamoDB, SST	DevOps Tools Git, Docker, GitHub, Postman
Mobile Application Flutter, React Native		

SOFT SKILLS

Problem Solving, Critical Thinking, Communication, Leadership, Flexibility, Quick Learner

INTERESTS

Hiking, Researching, Playing chess, Learning new things, Blog writing
